

How to Create a shortcut to the COVID-19 Health Screening on your Android Phone

If you are on campus daily, this is a quick way to access the Jackson College COVID-19 Health Screening questionnaire from your Android phone home screen, instead of navigating to the link each time.

1. Launch **Chrome** on your phone
2. Navigate to the site
<https://forms.office.com/Pages/ResponsePage.aspx?id=aDDnqPdAVk-zUQ8x22fThTE5rXsUp95Em7NX-zK9YU1UMVBaNFIDSVIFVkcwMTdLNEILWjk2N1VIUi4u>
or from here:
<https://www.jccmi.edu/covid-19/>

Please note who is allowed on campus is determined by the current Jackson College alert level.

Employees

- All employees coming to campus must have Leadership Council permission.
- Once permission is received Leadership Council will notify RTF so that you will be added to the JetNet Reintegration Course.
- Prior to coming to campus everyone must complete the COVID-19 course
- Your name will be sent to the staff at the checkpoint. If you do not complete the course prior to your arrival you will not be allowed to enter campus.
- Prior to your arrival but no earlier than the morning of you will need to complete the **COVID-19 Health Screening which can be found here.**
- Once on campus you will be directed to the COVID-19 Health Screening checkpoint.
 - You will be asked for your Jackson College ID

Tap the menu icon (3 dots in upper right-hand corner) and tap Add to homescreen.
